

Numerical Linear Algebra with Applications S25
HW 3
Due Feb 20

1. 8.3(b)
2. 8.4
3. 8.13
4. 8.14
5. 8.20(b)
6. 8.26(b),(c)

MATLAB question: 8.14(c) You need to turn in a copy of your code, along with a printed copy of the command window. In all cases, make sure the answers are clearly labeled (and only the output for the final version of solution should be included).
